

# Expression of concern: Why caregivers discontinue applied behavior analysis (ABA) and choose communication-based autism interventions

---

**T**he publisher of the journal *Advances in Autism* is issuing an Expression of Concern for the following article: Kupferstein, H. (2020), "Why caregivers discontinue applied behavior analysis (ABA) and choose communication-based autism interventions", *Advances in Autism*, Vol. 6 No. 1, pp. 72-80, <https://doi.org/10.1108/AIA-02-2019-0004> to inform readers that concerns have been raised that the research, and therefore article, may contain a possible error in research standards. An investigation is ongoing and is currently unresolved. Further information will be provided by *Advances in Autism* as it becomes available.
