AUTHORS' PROFILE

Shimpei Iwasaki joined the JSPS (Japan Society for the Promotion of Science) Postdoctoral Fellowship in Research Institute for Humanity and Nature after receiving his PhD from the Graduate School of Global Environmental Studies at Kyoto University in March 2010. His research has been published and presented in national and international papers and at conferences. He works on a variety of issues related to natural resource management (especially lagoon fisheries management), climate change adaptation, and livelihood security in the Asian countries.

Rajib Shaw is an associate professor in the Graduate School of Global Environmental Studies at Kyoto University, Japan. He has worked closely with local communities, nongovernmental organizations, governments, and international organizations, including United Nations, especially in Asian countries. He is currently the Chair of the United Nations Asia Regional Task Force for Urban Risk Reduction. His research interests include community-based disaster risk management, climate change adaptation, urban risk management, and disaster and environmental education.
