

LIST OF TABLES

Chapter 2

1. Regression Coefficients for Perceptions Regarding Confidence in Local Politicians and their Performance	40
2. Regression Coefficients for Perceptions Regarding the Indispensability and Performance of Local Political Parties	42
3. Regression Coefficients for Perceptions Regarding Confidence in and Responsiveness of the Municipal Council	44
4. Regression Coefficients for Perceptions Regarding Confidence in the Local Administration and General Performance of Local Government	47
5. Regression of Satisfaction with Municipal Services Against Selected Explanatory Factors	51
6. Pearson Correlation Coefficients for Measures Reflecting Legitimacy of Local Government and Satisfaction with Municipal Services with Voting in the 1995 Municipal Election	52

Chapter 3

1. Councilor and Citizen Orientations on Local Democracy in Seven Dutch Cities	72
2. Councilor Beliefs in Local Political Judiciousness of the Electorate in Seven Cities	76
3. Beliefs in Local Political Judiciousness of the Electorate for Councilors of Five Major Parties	78
4. Councilor and Citizen Support for Democratic Reforms in Seven Cities	80
5. Correlates of Councilor Reform Support, Results of OLS Regressions	83

Chapter 4

1. Mean Average Score for Favorable Responses to Interest Groups	95
2. Pearson Correlations for Activity Level and Responsiveness to Interest Groups	96

3. Municipal Responsiveness to Business Groups – Above/Below National Mean	97
4. Municipal Responsiveness to Business Groups – Pearson Correlations	98
5. Municipal Responsiveness to Low-Income Groups – Above/Below National Mean	99
6. Municipal Responsiveness to Neighborhood Groups – Above/Below National Mean	100
7. Activity and Responsiveness to Low-Income Groups	102
8. Responsiveness to Business and Low-Income Groups	105

Chapter 5

1. Indicators of Strategies Toward Environmental Amenities	125
--	-----

Chapter 6

1. Traditional and Modern Sport Policies in Stuttgart	152
2. Deviation of Representative from Public Spending Preferences by Party	154
3. Links with Differential Representative Perceptions	155
4. Measures of Dyadic Responsiveness	160

Chapter 7

1. Descriptive Statistics - Proportions of Election Pledges	178
2. Descriptive Statistics: Performance Indicators 1996/97	182
3. Descriptive Statistics: Performance Indicators 1997/98	184
4. Descriptive Statistics: Change in Performance 1996/97–1997/98	186
5. Correlations Between Performance Indicators: Education 1996/97	188
6. Correlations Between Performance Indicators: Education 1997/98	188
7. Correlations Between Performance Indicators: Education Change 1996/97-1997/98	188
8. Correlations Between Performance Indicators: Social Services 1996/97	188
9. Correlations Between Performance Indicators: Social Services 1997/98	188
10. Correlations Between Performance Indicators: Social Services Change 1996/97-1997/98	189

11. Correlations Between Performance Indicators: Housing 1996/97	189
12. Correlations Between Performance Indicators: Housing 1997/98	189
13. Correlations Between Performance Indicators: Housing Change 1996/97–1997/98	189
14. Correlations Between Performance Indicators: Environmental 1996/97	190
15. Correlations Between Performance Indicators: Environmental 1997/98	190
16. Correlations Between Performance Indicators: Environmental Change 1996/97–1997/98	190
17. Correlations Between Performance Indicators: Leisure Services 1996/97, 1997/98 and Change 1996/97–1997/98	190
18. Correlations Between Performance Indicators: Financial Services 1996/97, 1997/98 and Change 1996/97–1997/98	191
19. Relationships between Explanatory Variables	192
20. Multivariate Regression Results for Performance Levels in 1996/97 and 1997/98	194
21. Multivariate Regression Results for Performance Change Between 1996/97 and 1997/98	196

Chapter 8

1. Links of Left-Right Orientation and Party Affiliation with Spending and Revenue Preferences and Perceptions of Social Problems	207
2. Spending Preferences of Politicians and Politicians' Assessments of Electoral Preferences	209
3. Spending Preferences of Politicians and Politicians' Assessments of Electoral Preferences, by Party of Politicians	210
4. Determinants of Municipal Policy Outputs	216

Chapter 9

1. Number of Presidencies (Mayors) in Câmara Municipal	227
--	-----

Chapter 10

1. Political Agents that Influence Project Decisions in Municipalities in Japan, South Korea and the USA	252
--	-----

Chapter 11

1. Number of Years Served by Mayors Varies Considerably Across Countries	273
2. Sources of Variation in Mayoral Tenure: All Countries Combined, Large Model	275
3. Sources of Variation in Mayoral Tenure: All Countries Combined, Simplified Model	276
