
Publishers note: Mitigating compounding hazard impacts on public health through a community co-created toolkit on food-energy-water (FEW) insecurity

Disaster
Prevention and
Management: An
International
Journal

409

The publisher of *Disaster Prevention and Management: An International Journal* would like to inform our readers that this article, Painter MA, Roque AD, Quintana E, Shah SH, Cuevas F, Tormos-Aponte F (2026), “Mitigating compounding hazard impacts on public health through a community co-created toolkit on food-energy-water (FEW) insecurity”. *Disaster Prevention and Management: An International Journal*, Vol. ahead-of-print No. ahead-of-print. <https://doi.org/10.1108/DPM-01-2026-0016> was previously published and withdrawn by the journal. Due to an error post acceptance, the published article was not the version of the manuscript which was accepted for publication. As a result, the publisher withdrew the first publication and republished the final version of the manuscript accepted for publication. The withdrawal notice can be found here (2025), “Publishers note: Mitigating compounding hazard impacts on public health through a community co-created toolkit on food-energy-water (FEW) insecurity”. *Disaster Prevention and Management: An International Journal*, Vol. 34 No. 4 pp. 500-513, doi: <https://doi.org/10.1108/DPM-03-2026-0103>. The publisher sincerely apologises for this error and for any inconvenience caused.
