

Corrigendum: Adoption of central bank digital currency: an empirical investigation of trialability efficacy on Digital Yuan

It has come to the attention of the publisher that article Amin R, Hossain MA, Hossain MS, Fang Y (2025), “Adoption of central bank digital currency: an empirical investigation of trialability efficacy on Digital Yuan”. *Digital Transformation and Society*, Vol. 4 No. 3 pp. 277-298, doi: <https://doi.org/10.1108/DTS-08-2024-0156>, provided incorrect demographics data in Table 2 and elsewhere.

The following corrections to Table 2 have been made:

- The title of Table 2 was “Demographic features ($n = 289$)”. This is corrected to “Demographic features ($n = 242$)”.
- The male gender frequency (%) was incorrectly stated as “119 (41.17)”. The correct data are “67 (27.7)”.
- The female gender frequency (%) was incorrectly stated as “170 (58.82)”. The correct data are “175 (72.3)”.

This is reflected in the corrected table below:

Table 2. Demographic features ($n = 242$)

Content	Frequency (%)	Content	Frequency (%)
<i>Gender:</i>		<i>App use:</i>	
Male	67 (27.7)	e-CNY	72 (29.8)
Female	175 (72.3)	Alipay	32 (13.2)
		WeChat Pay	117 (48.3)
		E-bank app	21 (8.7)
<i>Age range:</i>		<i>How often do you use e-CNY?</i>	
14–21	110 (45.5)	Once a month	64 (26.4)
22–28	96 (39.7)	Few times a month	62 (25.6)
29–36	28 (11.6)	Once a week	12 (5.0)
37–43	5 (2.0)	Few times a week	34 (14.1)
Above 44	3 (1.2)	Once a day	2 (0.8)
		Few times a day	68 (28.1)
<i>Education:</i>			
Graduation	138 (57.0)		
Masters	59 (24.4)		
Doctorate	25 (10.3)		
Associate degree	15 (6.2)		
Other	5 (2.1)		
Source(s): Authors’ own design			

In addition, the following text corrections have been made:

- Abstract: The sentence “We collected data using a self-administered structured questionnaire and examined 289 valid samples using a structural equation model” is

corrected to “We collected data using a self-administered structured questionnaire and examined 242 valid samples using a structural equation model.”

- Section 3.2: The sentence “After doing elementary data screening, 289 samples were analyzed.” is corrected to “After doing elementary data screening, 242 samples were analyzed.”
- Section 3.3.: The sentences “There is a little skewed proportion of genders (41.17% male and 58.82% female). Individuals aged 14–21 (38%) and 22–28 (33) make up the majority of participants, with 9.6% of them falling into the latter age group. More than 47% of participants have completed their undergraduate degrees, 20% have obtained their master’s degrees, and 9% have completed their doctoral degrees. A variety of e-CNY apps are used by the respondents, such as the E-bank app (7%), WeChat Pay (40%), Alipay (11%) and e-CNY (25%). Furthermore, the individuals’ rates of e-CNY usage are as follows: once every month (22.14%), a few times per month (21%), once per week (4%) and a few times each day (23%).” are corrected to “There is a little skewed proportion of genders (27.7% male and 72.3% female). Individuals aged 14–21 (45.5%) and 22–28 (39.7%) make up the majority of participants, with 14.8% of them falling into the latter age group; 57% of participants have completed their undergraduate degrees, 24.4% have obtained their master’s degrees and 10.3% have completed their doctoral degrees. A variety of e-CNY apps are used by the respondents, such as the E-bank app (8.7%), WeChat Pay (48.3%), Alipay (13.2%) and e-CNY (29.8%). Furthermore, the individuals’ rates of e-CNY usage are as follows: once every month (26.4%), a few times per month (25.6%), once per week (5.0%) and a few times each day (28.1%).”

The publisher requests that all data are correct at submission and confirmed at article proof stage.
