

Corrigendum notice: International students' hospitality services provision within the sub-Saharan African higher education (HOSPiHE): a systematic review of 2012 to 2024 literature

It has come to the attention of the publisher that the article, Mireku, D.O., Bervell, B., and Armah, J.K. (2025), "International students' hospitality services provision within the sub-Saharan African higher education (HOSPiHE): a systematic review of 2012 to 2024 literature" – *International Journal of Quality and Service Sciences*, Vol. 17 No. 2, pp. 195–231. <https://doi.10.1108/IJQSS-01-2025-0003> mistakenly listed the country name as Malaysia in the following sections of the publication:

- The abstract.
- Figure 4.
- The "Country contributions to studies related to international students' hospitality provision" section.
- The "Conclusion" section.

The correct country is Mauritius.

The publisher reminds authors to carefully review and confirm all content, during submission and at the proofing stage to ensure accuracy.
