

## The Association for Moral Education 36<sup>th</sup> Annual Conference

Saint Louis, Missouri, USA  
November 4-6, 2010

### Gateway to Justice: Meeting the Moral Challenges of Social Inequality

Conference Co-Chairs: Wolfgang Althof and Bryan Sokol

The 2010 meeting of the *Association for Moral Education* will explore the intersection between individuals' moral development and the many faces of social inequality and injustice. Submissions are welcome from scholars across the many disciplines that contribute to the study and practice of moral education and development, including psychology, education, philosophy, sociology, criminology, cultural and childhood studies, among others. Plenary sessions and invited symposia will address explicitly the conference theme. We encourage individuals to submit proposals that address the theme as well, although conference submissions may be on any topic related to education and moral development.
