

Corrigendum

Jain JA, Seth A and DeCristofaro N (2019) Environmental impact and durability of carbonated calcium silicate concrete. *Proceedings of the Institution of Civil Engineers – Construction Materials* **172(4)**: 179–191, <https://doi.org/10.1680/jcoma.17.00004>.

The following sentence from the abstract contains an error

‘...and the expansion and mass changes associated with the exposure to sodium sulfate (Na_2SO_4) and magnesium (Mg) solutions were measured.’

The corrected sentence is as follows

‘...and the expansion and mass changes associated with the exposure to sodium sulfate (Na_2SO_4) and magnesium sulfate (MgSO_4) solutions were measured.’
