

## Engineering and Computational Mechanics: Reviewers for 2008

The following is a list of referees who have reviewed papers for *Engineering and Computational Mechanics* between 1 January 2008 and 31 December 2008. The Institution of Civil Engineers is very grateful for their assistance.

We are continually looking for suitable reviewers for papers submitted to *Engineering and Computational Mechanics*. Papers published in the *Proceedings of the ICE* must be submitted to at least two independent referees to judge accuracy, style, impact, importance and interest.

If you are interested in reviewing articles on any topic related to engineering and computational mechanics, please submit your name, qualifications or CV, and areas of expertise. We are in need of individuals who will agree to review papers in a timely fashion (within 3 to 4 weeks of receipt) and provide confidential feedback to the Editorial Advisory Panel concerning the quality of the paper and any suggested revisions that would be appropriate.

If you are such a person, please contact Ben Ramster (tel: 0207 665 2242; e-mail: [ben.ramster@ice.org.uk](mailto:ben.ramster@ice.org.uk)) for more information on the referee process.
