Giannetti I, Di Carlo F and Florio V (2025) The Gerber bridges in Italy: retracing history to safeguarding existing infrastructures. *Proceedings of the Institution of Civil Engineers — Engineering History and Heritage*, <https://www.icevirtuallibrary.com/doi/10.1680/jenhh.24.00017>.

It has come to the attention of the Publisher that the article contained two errors:

1. ‘Balkentrager mit freigenden Stuntzpunkten’ (found in the abstract and introduction) has now been corrected to ‘Balkenträger mit freiliegenden Stützpunkten’.
2. The year ‘1886’ (found in the abstract and introduction) has now been corrected to ‘1866’.

The authors apologise to the readers of *Proceedings of the Institution of Civil Engineers — Engineering History and Heritage* for any misunderstanding.
