

Ground Improvement: Referees 2009

The following is a list of referees who have reviewed papers for *Ground Improvement* between 1 January 2009 and 31 December 2009. The Institution of Civil Engineers is very grateful for their assistance.

We are continually looking for suitable reviewers for papers submitted to *Ground Improvement*. Papers published in the *Proceedings of the ICE* must be submitted to at least two independent referees to judge accuracy, style, impact, importance and interest.

If you are interested in reviewing articles on any topic related to ground improvement, please submit your name, qualifications or CV, and areas of expertise. We are in need of individuals who will agree to review papers in a timely fashion (within 3 to 4 weeks of receipt) and provide confidential feedback to the Editorial Advisory Panel concerning the quality of the paper and any suggested revisions that would be appropriate.

If you are such a person, please contact Margaret Tomlinson (tel.: +44 (0)207 665 2453; e-mail: margaret.tomlinson@ice.org.uk) for more information on the referee process.
