

# Corrigendum: Evaluating the impact of technologies on supply chain performance: a hybrid analytical-simulation modelling approach

It has come to the attention of the publisher that the article Mohammed, A., Zainul Abideen, A., Pratabaraj, J., Abdul Rahman, N.S.F., Haffar, M. and Samad, T.A. (2026), "Evaluating the impact of technologies on supply chain performance: a hybrid analytical-simulation modelling approach", *Journal of Modelling in Management*, Vol. ahead-of-print No. ahead-of-print. <https://doi.org/10.1108/JM2-01-2025-0038>, incorrectly listed author Abdul Rahman's affiliation and biography.

The affiliation has now been amended from the Faculty of Business, Higher Colleges of Technology, Dubai, United Arab Emirates, to Faculty of Business, Higher Colleges of Technology, Dubai, United Arab Emirates and the College of Business, University of Doha for Science and Technology, Doha, Qatar.

The publisher asks that affiliation and biography be submitted correctly at submission and confirmed at the article proofing stage.
