

Proceedings of the Institution of Civil Engineers 2004: Maritime Engineering, vol. 157

Author index

- Balas C. E., Balas L. and Williams A. T.
Risk assessment of revetments by Monte Carlo simulation. Jun., 61–70
- Balas L. *see* Balas C. E. *et al.*
- Beckett T.
The Mulberry Harbours—undiminished after 60 years. Dec., 171–174
- Broughton P., Davies R. L. and Green M.
Deconstruction of the Maureen platform and loading column. Mar., 3–21
- Çetin K. Ö. *see* Yüksel Y. *et al.*
- Cevik E. *see* Yüksel Y. *et al.*
- Chen Y. *see* Yin J. *et al.*
- Davies R. L. *see* Broughton P. *et al.*
- Dou H. *see* Neville-Jones P. *et al.*
- Drummond J. R. *see* Pontee N. I. *et al.*
- Ennet P. *see* Hamza W. *et al.*
- Falconer R. A. *see* Yin J. *et al.*
- Fleming C. A. *see* Li B. and Fleming C. A.
- Freer R.
The Indian Ocean tsunami: the engineers' response. *Briefing*. Dec., 149–150
- Glover D. N. R. and Hill N. J.
Offshore wind farm e-mail forum launch. *Briefing*. Dec., 147–148
- Green M. *see* Broughton P. *et al.*
- Hamill G. A., McGarvey J. A. and Hughes D. A. B.
Determination of the efflux velocity from a ship's propeller. Jun., 83–91
- Hamza W., Ennet P. and Tamsalu R.
Simulation of the Egyptian coastal ecosystem functions. Mar., 23–33
- Hedges T. S. and Reis M. T.
Accounting for random wave run-up in overtopping predictions. Sep., 113–122
- Accounting for random wave run-up in overtopping predictions. *Erratum*. Dec., 183
- Hill N. J. *see* Glover D. N. R. and Hill N. J.
- Hughes D. A. B. *see* Hamill G. A. *et al.*
- Isik N. S. *see* Yüksel Y. *et al.*
- Karambas Th. V. and Koutitas C.
Resonant response of harbours to short-wave groups. Dec., 163–169
- Koutitas C. *see* Karambas Th. V. and Koutitas C.
- Kuang C.-P. and Stansby P. K.
Modelling directional random wave propagation inshore. Sep., 123–131
- Li B. and Fleming C. A.
Solving mild-slope equation by explicit scheme. Dec., 175–182
- Maynord S.
Ship effects at the bankline of navigation channels. Jun., 93–100
- McGarvey J. A. *see* Hamill G. A. *et al.*
- Morrissey D. J. *see* Pontee N. I. *et al.*
- Neville-Jones P., Swann L., Dou H. and Wai C. C.
Minimising dredging for seawall construction in Hong Kong. Sep., 103–111
- O'Connor B.
Editorial. Mar., 1
- Özgüven O. *see* Yüksel Y. *et al.*
- Pontee N. I.
Saltmarsh loss and maintenance dredging in estuaries. Jun., 71–82
- Pontee N. I., Drummond J. R. and Morrissey D. J.
Coastline change and implications for habitat loss. Sep., 133–142
- Reeve D. E.
Accounting for variability in coastal prediction. Mar., 35–46
- Reis M. T. *see* Hedges T. S. and Reis M. T.
- Stansby P. K. *see* Kuang C. P. and Stansby P. K.
- Sümer B. M. *see* Yüksel Y. *et al.*
- Swann L. *see* Neville-Jones P. *et al.*
- Tamsalu R. *see* Hamza W. *et al.*
- Wai C. C. *see* Neville-Jones P. *et al.*
- Williams A. T. *see* Balas C. E. *et al.*
- Yin J., Falconer R. A. and Chen Y.
Velocity and solute concentration distributions in model harbours. Mar., 47–56
- Yüksel Y., Çetin K. Ö., Özgüven O., Isik N. S., Cevik E. and Sümer B. M.
Seismic response of a rubble mound breakwater in Turkey. Dec., 151–161
