

Proceedings of the Institution of Civil Engineers 2005: Maritime Engineering, vol. 158

Author index

- Allsop W., Bruce T., Pearson J. and Besley P.
Wave overtopping at vertical and steep breakwaters. Sep.,
103–114
- Bandar Z. A. *see* Wedge D. C. *et al.*
- Besley P. *see* Allsop W. *et al.*
- Bruce T. *see* Allsop W. *et al.*
see also Wolters G. *et al.*
- Chadwick A. J., Karunaratna H., Gehrels R., Massey A. C.,
O'Brien D. and Dales D.
A new analysis of the Slapton barrier beach system, UK.
Dec., 147–161
- Chadwick A. *see* Lawrence J. and Chadwick A.
see also Ilic S. *et al.*
- Cooper N. J. *see* Pontee N. I. and Cooper N. J.
- Dales D. *see* Chadwick A. J. *et al.*
- De Rouck J. *see* Van de Walle B. *et al.*
- Falconer R. A. *see* Kocyigit O. *et al.*
- Fleming C. *see* Ilic S. *et al.*
- Fleming C. A. *see* Li B. *et al.*
- Freer R.
Impact of the EU Water Framework Directive. *Briefing*.
Mar., 12
- Frigaard P. *see* Van de Walle B. *et al.*
- Geeraerts J. *see* Van de Walle B. *et al.*
- Gehrels R. *see* Chadwick A. J. *et al.*
- Hamill G. *see* Shannon N. R. *et al.*
- Hettiarachchi S. S. L. and Samarawickrama S. P.
Planning and implementing coastal management in Sri Lanka.
Mar., 25–32
- Ilic S., Chadwick A. J. and Fleming C.
Investigation of detached breakwaters. Part 1—hydrodynamics.
Sep., 91–102
- Investigation of detached breakwaters. Part 2—morphodynamics.
Dec., 163–172
- Ingram D. M. *see* Wedge D. C. *et al.*
- Karunaratna H. *see* Chadwick A. J. *et al.*
- Kocyigit O., Lin B. and Falconer R. A.
Modelling sediment transport using a lightweight bed material.
Mar., 3–14
- Lawrence J. and Chadwick A.
Modelling wave reflection on sloping foreshores with sea walls.
Mar., 15–24
- Li B., Reeve D. E. and Fleming C. A.
Design for enhanced marine habitats in coastal structures. Sep.,
115–122
- Lin B. *see* Kocyigit O. *et al.*
- Mackinnon P. A. *see* Shannon N. R. *et al.*
- Massey A. C. *see* Chadwick A. J. *et al.*
- McDowell D.
Looking back: modelling of the Cheshire Dee in 1939. Dec.,
173–180
- McLean D. A. *see* Wedge D. C. *et al.*
- Mingham C. G. *see* Wedge D. C. *et al.*
- Müller G. *see* Wolters G. *et al.*
- O'Brien D. *see* Chadwick A. J. *et al.*
- Obhrai C. *see* Wolters G. *et al.*
- Pearson J. *see* Allsop W. *et al.*
- Pontee N. I.
Management implications of coastal change in Suffolk, UK. Jun.,
69–83
- Pontee N. I. and Cooper N. J.
Including estuaries in shoreline management plans. Mar., 33–40
- Reeve D. E. *see* Li B. *et al.*
- Samarawickrama S. P. *see* Hettiarachchi S. S. L. and
Samarawickrama S. P.
- Shannon N. R., Mackinnon P. A. and Hamill G.
Modelling of saline intrusion in marine outfalls. Jun., 47–58
- Troch P. *see* Van de Walle B. *et al.*
- Van de Walle B., De Rouck J., Troch P., Geeraerts J. and
Frigaard P.
Wave run-up on rubble breakwaters: spectral effects. Jun., 59–67
- Wedge D. C., Ingram D. M., Mingham C. G., McLean D. A. and
Bandar Z. A.
Neural network architectures and overtopping predictions. Sep.,
123–133
- Wolters G., Müller G., Bruce T., Obhrai C.
Large-scale experiments on wave downfall pressures. Dec.,
137–145
