

Proceedings of the Institution of Civil Engineers 2000

Municipal Engineer Vol. 139

Subject index

Buildings

Managing conservation projects to avoid catastrophes. Smith K.G. Dec., 197–203

Coastal engineering

Best value for coastal defence services. Coy A.C. & Walker J.R. June, 91–96
The Saltings, Millennium Coastal Park. Wyatt S.C., Kenny R.J. & Gossage J. Mar., 9–12

Conservation

Holistic, integrated and sustainable regeneration in a diverse and peripheral county. Wann A.R. Dec., 243–249
The assessment of civil engineering heritage. Cragg R., Cross-Rudkin P.S.M., Dunkerly P., Gould M.H. & Otter R.A. Dec., 211–216
The renaissance of engineering. Williams A. Dec., 267–271

Economics & finance

Finding the finance—a perspective on the issues surrounding public–private wastes management partnerships in the era of best value. Kilduff D. Sept., 137–143
Landfill economics—a taxing matter? Strong W.A. Sept., 153–157

Environment

Discussion: Emerging/environmental engineering in Brazil. Sinclair N.M. Dec., 273–274
Langstone oysterbeds restoration. Mountain S. Dec., 217–225
Regeneration through restoration: The Huddersfield Narrow Canal project. Stopher A. Dec., 233–242
The agenda for the future of waste management. Ferguson J. Sept., 123–130
The Saltings, Millennium Coastal Park. Wyatt S.C., Kenny R.J. & Gossage J. Mar., 9–12
Waste management in a best-value framework: the Northern Ireland experience. Quinn J.R. Sept., 145–148

European Union

Landfill: a prospective view. Potter A. Sept., 149–151

Failures

Managing conservation projects to avoid catastrophes. Smith K.G. Dec., 197–203

Health & safety

Discussion: Emerging/environmental engineering in Brazil. Sinclair N.M. Dec., 273–274

History

The assessment of civil engineering heritage. Cragg R., Cross-Rudkin P.S.M., Dunkerly P., Gould M.H. & Otter R.A. Dec., 211–216

Landfill

Landfill economics—a taxing matter? Strong W.A. Sept., 153–157
Landfill: a prospective view. Potter A. Sept., 149–151
The agenda for the future of waste management. Ferguson J. Sept., 123–130
What a waste. Goulette S. Sept., 167–169

Local government

Benchmarking for best value. Burgess S.M. June, 75–82
Best value and direct services. Nettleton B. June, 83–90
Best value and management practice in local government: a reality check. Wills N. June, 55–61
Best value for coastal defence services. Coy A.C. & Walker J.R. June, 91–96
City of Lincoln Best Value Pilot—the aftermath. Shardlow R. June, 63–67
Community involvement—don't keep the public in the dark. Andrew R. June, 69–73
Delivering 'best value' in a new unitary authority. Costello J. & Gillingwater D. June, 103–109
Finding the finance—a perspective on the issues surrounding public–private wastes management partnerships in the era of best value. Kilduff D. Sept., 137–143
Langstone oysterbeds restoration. Mountain S. Dec., 217–225
Measurable success in best value. Bovaird T. June, 111–115
The Phoenix flies in Birmingham. Read S. & Read M. Dec., 251–258
Transport planning performance indicators, democracy and best value. Nisbet A. June, 97–102
Waste management in a best-value framework: the Northern Ireland experience. Quinn J.R. Sept., 145–148

Maintenance

A new framework for road management. Robinson R. Mar., 39–48

Management

A new framework for road management. Robinson R. Mar., 39–48
Benchmarking for best value. Burgess S.M. June, 75–82
Best value and direct services. Nettleton B. June, 83–90
Best value and management practice in local government: a reality check. Wills N. June, 55–61
City of Lincoln Best Value Pilot—the aftermath. Shardlow R. June, 63–67
Community involvement—don't keep the public in the dark. Andrew R. June, 69–73
Delivering 'best value' in a new unitary authority. Costello J. & Gillingwater D. June, 103–109

- Emergency and urgent public project management.
Wearne S.H. Mar., 27–34
- Improving public works operations and management through establishment of nationally recognized practices. Ross D.H. Mar., 1–8
- Making decisions for upgrading wastewater systems.
Blackwood D.J., Ashley R.M., Petrie M., Oltean-Dumbrava C. & Jones C. Sept., 171–180
- Measurable success in best value. Bovaird T. June, 111–115
- The Phoenix flies in Birmingham. Read S. & Read M. Dec., 251–258
- Transport planning performance indicators, democracy and best value. Nisbet A. June, 97–102

Municipal & public service engineering

- Benchmarking for best value. Burgess S.M. June, 75–82
- Holistic, integrated and sustainable regeneration in a diverse and peripheral county. Wann A.R. Dec., 243–249
- Improving public works operations and management through establishment of nationally recognized practices. Ross D.H. Mar., 1–8
- The renaissance of engineering. Williams A. Dec., 267–271

Pavement design

- A449 Coldra–Usk rehabilitation. Green J. & Davies I. Mar., 13–20

Performance improvement

- Measurable success in best value. Bovaird T. June, 111–115

Planning & scheduling

- Improving public works operations and management through establishment of nationally recognized practices. Ross D.H. Mar., 1–8
- Millennium Coastal Park: Llanelli Land Bridges.
Edmonds M. & Hogan M. Mar., 21–26
- Rhyd-y-car link footbridge, Merthyr Tydfil. House D. Mar., 35–38

Recycling of materials

- Composting. Avery I. Sept., 159–165
- Langstone oysterbeds restoration. Mountain S. Dec., 217–225
- Sustainable reuse of highway materials in hot and cold bituminous mixtures. Woodside A.R., Woodward W.D.H, Phillips P. & Mills A. Sept., 181–186
- The Saltings, Millennium Coastal Park. Wyatt S.C., Kenny R.J. & Gossage J. Mar., 9–12
- What a waste. Goulette S. Sept., 167–169

Rehabilitation, reclamation & renovation

- A449 Coldra–Usk rehabilitation. Green J. & Davies I. Mar., 13–20
- Making decisions for upgrading wastewater systems.
Blackwood D.J., Ashley R.M., Petrie M., Oltean-Dumbrava C. & Jones C. Sept., 171–180

Research & development

- Sustainable reuse of highway materials in hot and cold bituminous mixtures. Woodside A.R., Woodward W.D.H, Phillips P. & Mills A. Sept., 181–186

Reviews

- Best value and direct services. Nettleton B. June, 83–90
- City of Lincoln Best Value Pilot—the aftermath.
Shardlow R. June, 63–67

Roads & highways

- A new framework for road management. Robinson R. Mar., 39–48
- A449 Coldra–Usk rehabilitation. Green J. & Davies I. Mar., 13–20
- Sustainable reuse of highway materials in hot and cold bituminous mixtures. Woodside A.R., Woodward W.D.H, Phillips P. & Mills A. Sept., 181–186

Sea defences

- Best value for coastal defence services. Coy A.C. & Walker J.R. June, 91–96

Sewers & drains

- Making decisions for upgrading wastewater systems.
Blackwood D.J., Ashley R.M., Petrie M., Oltean-Dumbrava C. & Jones C. Sept., 171–180

Social impact

- Discussion: Emerging/environmental engineering in Brazil. Sinclair N.M. Dec., 273–274
- The renaissance of engineering. Williams A. Dec., 267–271

Steel structures

- Rhyd-y-car link footbridge, Merthyr Tydfil. House D. Mar., 35–38

Structure & design

- Managing conservation projects to avoid catastrophes. Smith K.G. Dec., 197–203

Town & city planning

- Rhyd-y-car link footbridge, Merthyr Tydfil. House D. Mar., 35–38

Transport management

- Delivering ‘best value’ in a new unitary authority.
Costello J. & Gillingwater D. June, 103–109

Transport planning

- Community involvement—don’t keep the public in the dark. Andrew R. June, 69–73
- Transport planning performance indicators, democracy and best value. Nisbet A. June, 97–102

Tunnels & tunnelling

- Millennium Coastal Park: Llanelli Land Bridges.
Edmonds M. & Hogan M. Mar., 21–26

Urban regeneration

- Holistic, integrated and sustainable regeneration in a diverse and peripheral county. Wann A.R. Dec., 243–249
- Regeneration through restoration: The Huddersfield Narrow Canal project. Stopher A. Dec., 233–242
- The Phoenix flies in Birmingham. Read S. & Read M. Dec., 251–258

Waste management & disposal

- Composting. Avery I. Sept., 159–165
- Energy from waste and integrating the options.
Gerstrom P. Sept., 131–136

Finding the finance—a perspective on the issues surrounding public–private wastes management partnerships in the era of best value. Kilduff D. Sept., 137–143
 Landfill: a prospective view. Potter A. Sept., 149–151
 Landfill economics—a taxing matter? Strong W.A. Sept., 153–157
 The agenda for the future of waste management. Ferguson J. Sept., 123–130

Waste management in a best-value framework: the Northern Ireland experience. Quinn J.R. Sept., 145–148
 What a waste. Goulette S. Sept., 167–169

Waterways & canals

Regeneration through restoration: The Huddersfield Narrow Canal project. Stopher A. Dec., 233–242
