

Erratum

Further to the publication of *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, the papers should be cited as detailed below because an error was made in the running order, which resulted in the issue being incorrectly paginated.

BRIDGEMAN J. Editorial. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 185–186.
doi: 10.1680/wama.2008.161.4.169

CLAYTON H. J., MORRIS S. E., MCINTYRE N. R. and GREAVES M. The hydrological impact of low-flow alleviation measures. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 187–196
doi: 10.1680/wama.2008.161.4.171

TEN BRINKE W. B. M., BANNINK B. A. and LIGTVOET W. The evaluation of flood risk policy in the Netherlands. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 197–204
doi: 10.1680/wama.2008.161.4.181

YENİGÜN K., GÜMÜŞ V. and BULUT H. Trends in streamflow of the Euphrates basin, Turkey. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 205–214
doi: 10.1680/wama.2008.161.4.189

MCINTYRE N. and MARSHALL M. Field verification of bed-mounted ADV meters. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 215–222
doi: 10.1680/wama.2008.161.4.199

DEHGHAN A., MCMANUS K. J. and GAD E. F. Statistical analysis of structural failures of water pipes. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 223–230
doi: 10.1680/wama.2008.161.4.207

ARTHUR S., CROW H. and PEDEZERT L. Understanding blockage formation in combined sewer networks. *Proceedings of the Institution of Civil Engineers, Water Management*, 2008, 161, No. 4, 231–237
doi: 10.1680/wama.2008.161.4.215
