

Water Management: Referees 2014

The following is a list of referees who have reviewed papers for *Water Management* between 1 December 2013 and 30 November 2014. The Institution of Civil Engineers is very grateful for their assistance.

We are continually looking for suitable reviewers for papers submitted to *Water Management*. Papers published in the *Proceedings of the ICE* must be submitted to at least two independent referees to judge accuracy, style, impact, importance and interest.

If you are interested in reviewing articles on any topic related to water

management, please submit your name, qualifications or CV, and areas of expertise. We are in need of individuals who will agree to review papers in a timely fashion (within 3 to 4 weeks of receipt) and provide confidential feedback to the Editorial Advisory Panel concerning the quality of the paper and any suggested revisions that would be appropriate.

If you are such a person, please contact Sarah Brown (tel.: +44 (0)207 665 2249; e-mail: sarah.brown@ice.org.uk) for more information on the referee process.
