

Elsewhere in *ICE Proceedings*

S. K. Fullalove, *Editor*

The following are titles of papers published in other parts of *ICE Proceedings* during 2009 that readers of *Waste and Resource Management* may find of interest. ICE Virtual Library is the largest online civil engineering resource in the world. Summaries of all papers are freely available at www.icevirtuallibrary.com/content/journals, and full papers can be downloaded for £15 each. ICE members can download up to 15 papers for a single fee of £29 by subscribing to the ICE Virtual Journal. Members should contact subs@ice.org.uk for more information or to subscribe.

Project-management lessons learned on UK waste projects

P. Butler

Proceedings of the Institution of Civil Engineers, Civil Engineering, **162**, No. 1, February, 9, doi: 10.1680/cien.2009.162.1.9

New low-cost wastewater treatment system pioneered in Ireland

A. Babatunde and Y. Zhao

Proceedings of the Institution of Civil Engineers, Civil Engineering, **162**, No. 4, November, 148, doi: 10.1680/cien.2009.162.4.148

Hardening of mortars made from cement, rice husk ash and lime

O. Cizer, K. Van Balen, D. Van Gemert and J. Elsen

Proceedings of the Institution of Civil Engineers, Construction Materials, **162**, No. 1, February, 19–27, doi: 10.1680/coma.2009.162.1.19

Fly-ash-blended lean concrete mixes for concrete blocks

B. V. Venkatarama Reddy and A. Chander

Proceedings of the Institution of Civil Engineers, Construction Materials, **162**, No. 2, May, 59–66, doi: 10.1680/coma.2009.162.2.59

Properties of concrete using high-lime pfa from a UK source

R. Shirley, P. Claisse and E. Ganjian

Proceedings of the Institution of Civil Engineers, Construction Materials, **162**, No. 3, August, 127–132, doi: 10.1680/coma.2009.162.3.127

A geological disposal facility for the UK's radioactive wastes

N. Chapman

Proceedings of the Institution of Civil Engineers, Energy, **161**, No. 4, November, 183–192, doi: 10.1680/ener.2009.162.4.183

Sustainable community waste collection in Karachi, Pakistan

N. Ahmed

Proceedings of the Institution of Civil Engineers, Engineering Sustainability, **162**, No. 3, September, 169–176, doi: 10.1680/ensu.2009.162.3.169

Compaction delay characteristics of clay with cement kiln dust

R. M. Brooks, F. Udoeyo and K. V. Takkalapelli

Proceedings of the Institution of Civil Engineers, Geotechnical Engineering, **162**, No. 5, October, 283–286, doi: 10.1680/geng.2009.162.5.283

Fly ash to control alkali-induced volume changes in soils

P. V. Sivapullaiah and P. H. P. Reddy

Proceedings of the Institution of Civil Engineers, Ground Improvement, **162**, No. 4, November, 167–173, doi: 10.1680/grim.2009.162.4.167

Regulating for e-waste in China: progress and challenges

J. Ye, S. Kayaga and I. Smout

Proceedings of the Institution of Civil Engineers, Municipal Engineer, **162**, No. 2, June, 79–85, doi: 10.1680/muen.2009.162.2.79

Weather radar to predict exceedances of faecal coliforms

M. Dale and R. Stidson

Proceedings of the Institution of Civil Engineers, Water Management, **162**, No. 2, April, 65–72, doi: 10.1680/wama.2009.162.2.65
