

Retraction notice: Sustainable education on improving the quality of peer assessment: design and implementation of an online deep learning-based peer assessment system

The publisher of *Library Hi Tech* wishes to retract Lin K, Li N, Chen M (2024), “Sustainable education on improving the quality of peer assessment: design and implementation of an online deep learning-based peer assessment system”. *Library Hi Tech*, Vol. ahead-of-print No. ahead-of-print. <https://doi.org/10.1108/LHT-11-2023-0569>

We have been made aware of compromises to the peer review process and editorial handling of this article. As a result, the standard of the article does not meet those expected by the journal and the findings of the article cannot be relied upon. There have also been significant concerns raised about the use of irrelevant references. The decision to retract has been informed by [COPE’s guidelines on retractions](#) and [Emerald’s publishing ethics](#). Despite numerous attempts to contact the authors, the journal has received no response; the response of the authors would be gratefully received. The publishers of the journal sincerely apologize to the readers.
