Nova Southeastern University

The following conferences may be of interest to the readers of the *Quarterly Review of Distance Education*.

AEDEN 2013, June 12-15, Oslo, Norway

“How can we do our best to make learning a thrilling experience for learners, including providing a sense of joy in the virtual classroom? The question is an exciting one and discussion and debate will provide a range of innovative theories and approaches, and help to determine the tools necessary to achieve our goals. Should they be about the smart use of information and communication technology tools, new methodologies for enhanced learning experience, content management systems, or about fascinating interdisciplinary solutions supported by game-based learning, immersive environments, multimedia, et cetera. The answers we will find may be dynamic and or even provoking.”
